

# Ground investigation in Royal Orchard Park

**Start date: January 13, 2025. End date: January 22, 2025**

**Work hours: Monday to Saturday : 8:00 AM - 6:00 PM**

*Figure 1: The approximate work zone for ground investigation work. The map is not too scaled and for illustrative purposes only.*

## What is happening?

Ground investigation work will take in Royal Orchard Park at the Pomona Creek Bridge.

## About the Yonge North Subway Extension:

The Yonge North Subway Extension will transform the commute in York Region, Toronto and beyond by extending the TTC's Line 1 subway service north from Finch Station to Vaughan, Markham, and Richmond Hill. This extension includes five subway stations along an extension of roughly eight kilometers.

#### **WORK DETAILS:**

- The ground investigations involve collecting samples of earth by drilling holes – typically called ‘boreholes’ – into the ground. The samples will provide data on soil, rock, and other underground conditions that will inform designs and construction plans for the project.
- Crews will be drilling boreholes within the municipal right-of-way to gather samples of soil beneath the Pomona Creek Bridge.

#### **WHAT TO EXPECT:**

- A pick-up truck, drilling rig, hand tools and steel drums to collect water from the boreholes will be on the site while work is happening.
- Work areas will be clearly marked and fenced off as required to ensure public safety.
- Residents near the site can expect to hear increased noise levels during this work.
- Noise and vibration levels will be monitored and mitigated when necessary.

#### **HOURS OF WORK:**

- Work is scheduled to take place starting January 13, 2025, to January 22, 2025.
- Mobilization will start at 8am each day, followed by drilling from 9am to 5pm, and demobilization and site cleanup by 6pm.
- **Please note that work may be rescheduled due to weather conditions or unforeseen circumstances.**

#### **PEDESTRIAN DETAILS:**

- Pedestrians should exercise caution around borehole work zones.

#### **TRAFFIC DETAILS:**

- No traffic impacts.

#### **IMPACT MITIGATION:**

- Metrolinx will work with residents closest to the worksites to offer noise mitigation options.
- Metrolinx team members will be on-site intermittently during the work to help address any community concerns and can be reached at 416.202.7000.
