Yonge North Subway Extension

Construction Notice

Removal of trees on Yonge Street, Clark Avenue, Morgan Avenue and Glen Cameron Road

Expected timeline: Starting as early as November 16 until December 1, 2026
Timing: Weekdays, 7 a.m. to 5 p.m.

Aerial image of the approximate work area.

What is happening?
To support future construction of the Yonge North Subway Extension, crews working on behalf of Metrolinx will be removing trees from properties near Yonge Street and Clark Avenue. This includes areas along Yonge Street south of Morgan Avenue, and along Clark Avenue, Morgan Avenue and along Glen Cameron Road east of Yonge Street. This is necessary to prepare the area for further site clearing work to accommodate future construction of Clark Station. Before tree removal work begins, the area will be carefully

checked for wildlife and active bird nests. Work will move forward following all required environmental and wildlife protection measures and municipal approvals.

About the Yonge North Subway Extension
The Yonge North Subway Extension will transform the commute in York Region, Toronto and beyond by extending TTC Line 1 subway service north from Finch Station to Vaughan, Markham and Richmond Hill. The project includes five new subway stations along an extension of roughly eight kilometres.

WORK DETAILS:
- Protective fencing will be installed around trees, where needed. Installation of fencing will take place in advance of work commencing.
- A total of 53 trees will be removed.

WHAT TO EXPECT:
- You may hear noise from equipment and trucks, including loaders, chainsaws, and woodchippers, while work is underway.
- Additional site clearing may happen as work continues to progress.
- Learn more about our approach to managing trees and vegetation as we build new transit at **metrolinx.com/vegetation**
- Work may be rescheduled or extended due to weather conditions or unforeseen circumstances.

PEDESTRIAN ACCESS:
- Work areas will be clearly marked and/or fenced off as required to keep everyone safe.
- Pedestrians should exercise caution around the work area.

TRAFFIC CHANGES:
- There are no anticipated impacts to traffic.

TRANSIT SERVICE:
- There are no anticipated impacts to transit service.

HAVE A QUESTION OR CONCERN? WE'RE HERE FOR YOU.
